

My Week With Rajan 2023

- It is with great joy that we are announcing the next MWWR in 2023. This is the most advanced course we offer where you get the chance to spend 9 days in-person with Dr Rajan Sankaran learning and experiencing at his side. Along with getting a behind the curtain view into Dr Sankaran's daily practice you will also be able to spend 4 days on a holistic healing retreat personally guided by him.

For more than 15 years Dr Sankaran has been conducting what has become known as the November Workshops where some of the sharpest minds in homeopathy would travel to Mumbai to observe his case taking and technique. These Workshops were hugely successful and sought after and it is with this spirit that the My Week With Rajan shall commence.

Live cases are the ultimate teaching experience in homeopathy, watching Dr Sankaran with his more than 40 years of homeopathic expertise, take and analyse a case as well as answering all your questions and doubts will be sure to teach you more than reading any number of books. For those who are unfamiliar with the term, a Live Case is where Dr Sankaran sits down with the patient as in his traditional case taking style except the whole case will be streamed through to the auditorium where all the participants of the MWWR will be watching in real time, once the case is complete Dr Sankaran will then join the participants for a discussion about the case and to share his analysis. This unique method in teaching allows for the participants to be completely immersed in the experience and follow step by step with Dr Sankaran's thought pattern, and due to the nature of the discussion sessions all your doubts and queries will be sure to be cleared.
